Deer Creek Puts Together A Special Way Of Life

Like the pieces of a jigsaw puzzle, each member of the ever changing Deer Creek community is unique. Each has his own talents, dreams, goals, likes and dislikes which combine to form the complete picture of "life" at Deer Creek High School.

The task of putting it all together is not an easy one. Some discover the secret to "fitting in" immediately; some take years to grasp it; still others never learn to live with the simple maxim — Be Yourself.

Being "yourself" means that an individual may assume various roles throughout the daily routine, such as brother, sister, athlete, musician, officer, artist, pupil, sweetheart, salesperson, counselor, and friend. Each of these "mini" personalities has a definite purpose; yet, all of the individuals come together to make the people of Deer Creek and the image they reflect a picturesque one indeed.

Combining efforts to keep the students motivated are teacher, Mr. Rainey, and parent Bobbie Lindsey (above).

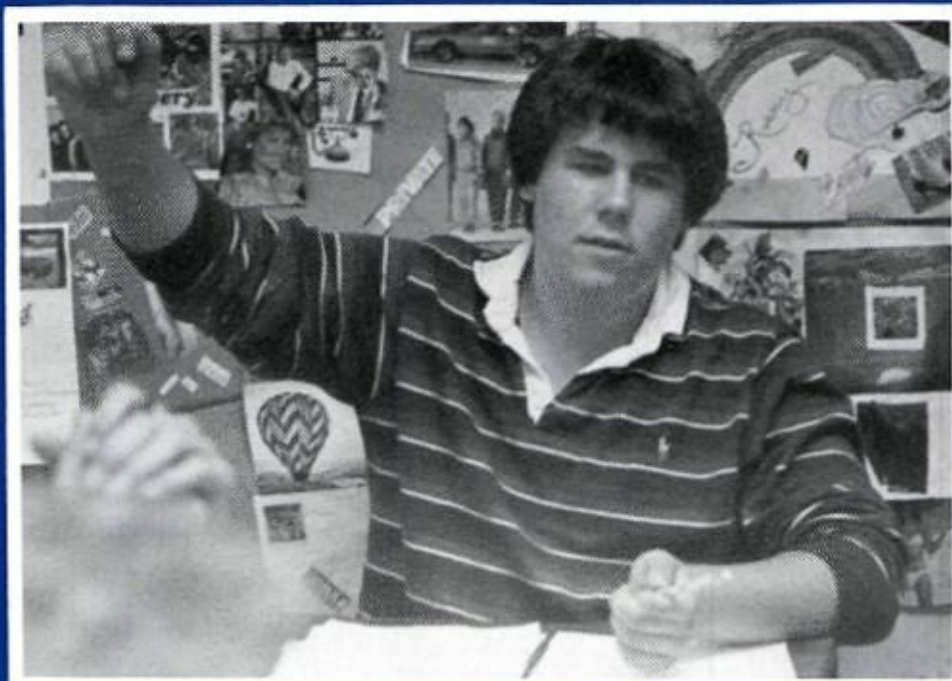

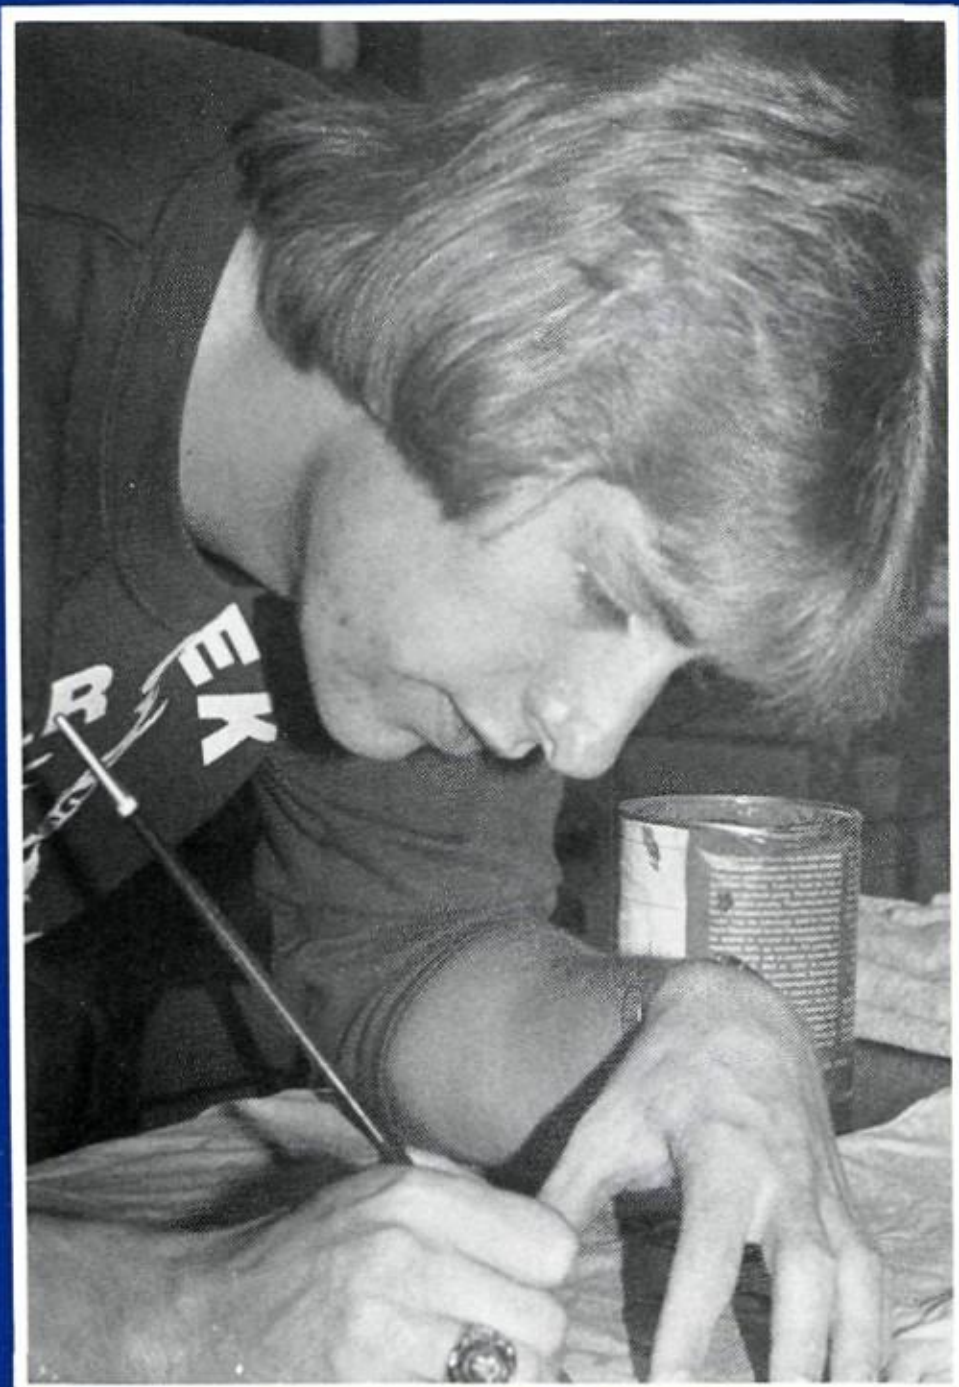

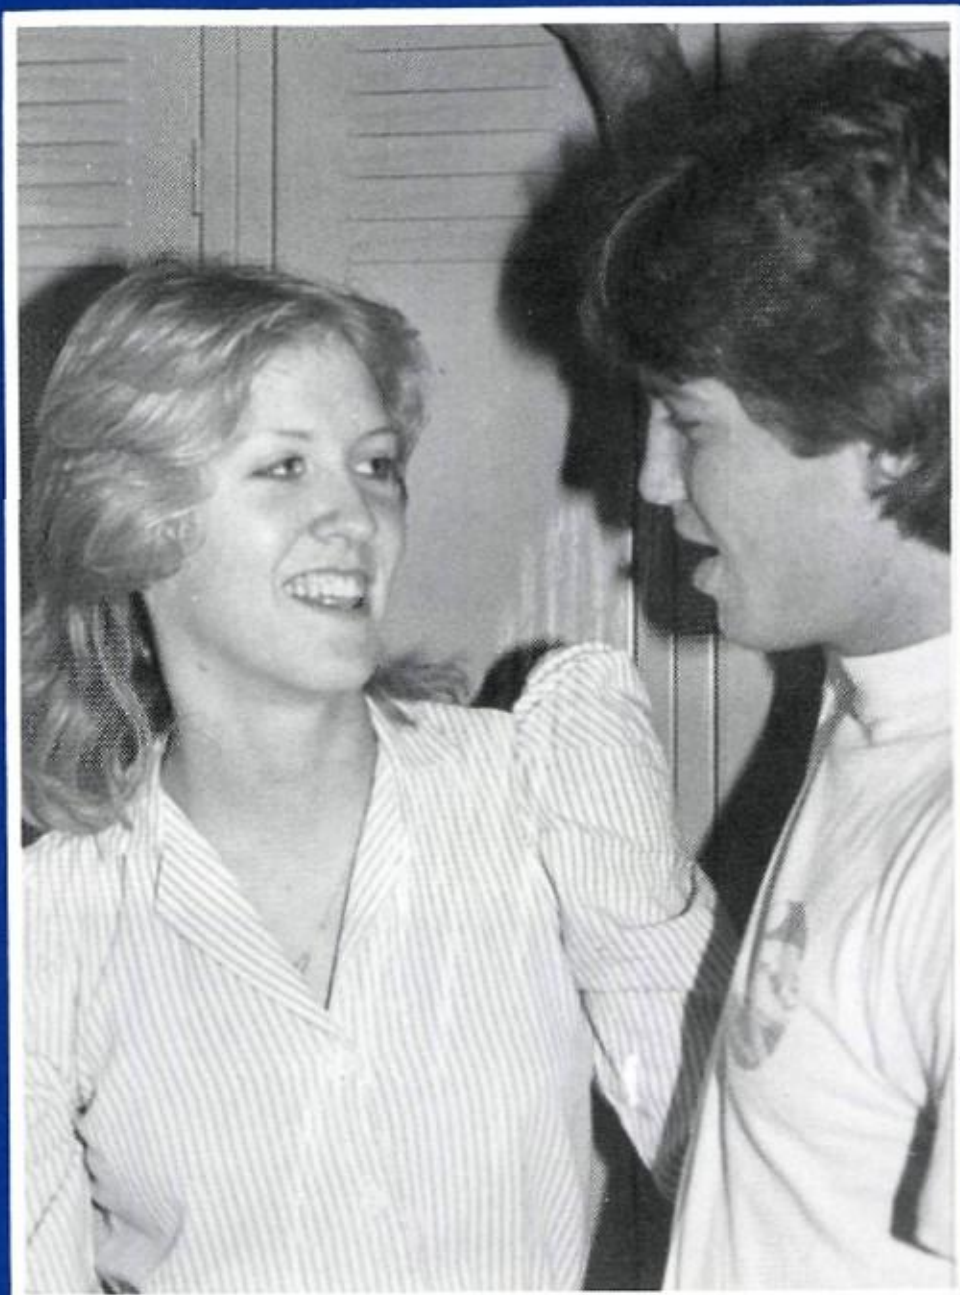

Directing the Marching Antler Band (right) is senior Carla Adams, Drum Major.

Tim Lindsey, a world class competitor, (left) exhibits his skill by roping his calf with ease.

Special relationships are formed in school sometimes, such as the one Brent Byler and Geri Harper share (below).

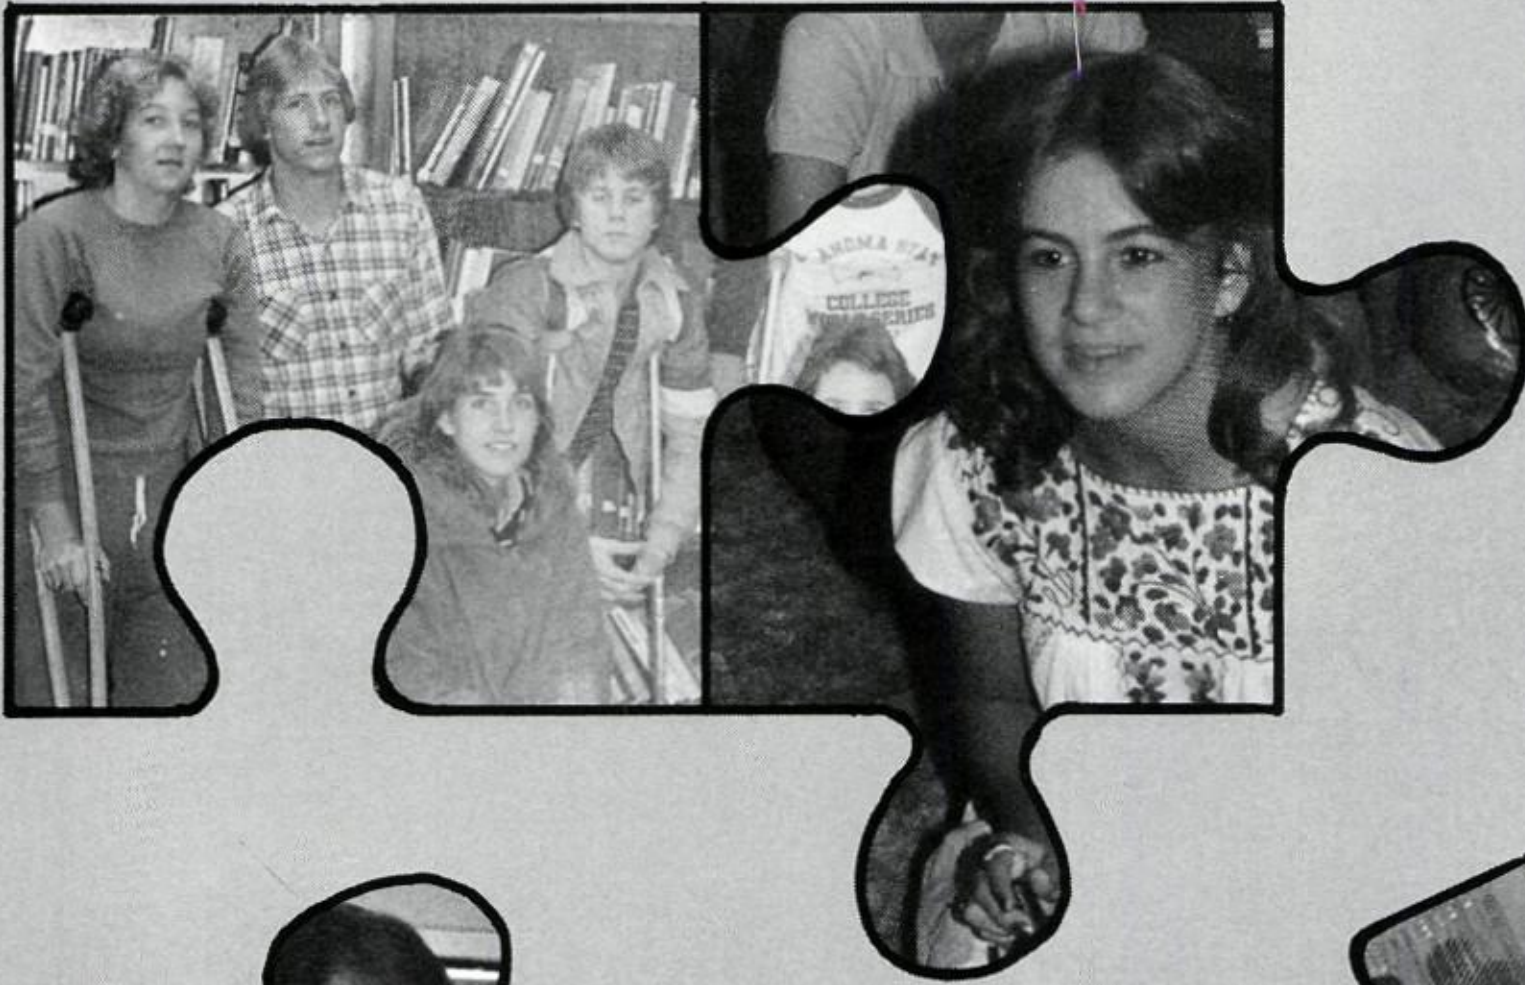

Eager to learn, Steve Orr raises his hand to participate in class discussion (above).

(At left) senior artist Owen Mills paints a brighter picture of school life.

Student Life

Sydney is an active member of the basketball and tennis teams and was recently voted "Most Athletic" by the senior class. She is also a member of the National Honor Society, FCA, FBLA, Yearbook, and Who's Who Among American High School Students.

Wade Hundley, son of John and Bryanne Hundley, was chosen as Mr. DCHS. He has been class president for the last two years and was also voted "Most Athletic." In addition to his many academic and athletic awards, Wade was named Outstanding High School Student of '83.

These students balance homework and extra curricular activities with hours spent on part time jobs. Juniors Achieve Unreachable Goals

As the junior class advanced throughout the year, many individuals strived to obtain the goals that had to be reached in order to give the senior class the prom they deserved. Besides the doughnut sale, they participated in fund raisers such as magazines, pizzas, pies, Santa Claus' pictures, dating service, and prom keepsakes. The juniors also stayed busy with classroom projects including motifs, compositions, and dissecting.

Sophomores Strive For Excellence

The thrill of being in high school is now just a memory, and the anticipation of a bright future challenged the class of '86 to seek only the best. The sophomores stayed busy through the months having the miniture golf course at the school carnival, winning the can drive at Thanksgiving, and doing their oral book reports in English. Their biggest event of the year was the car raffle.

To raise money, the sophomore class raffled off a 1963 Karman-Ghia donated by Mr. Larry Butler (above).

'84 Antler Staff Puts It All Together

Capturing the memories and special moments of a whole school year isn't an easy task. But, each year the Antler staff strives to do just that. Each person contributes unique talents in photography, or in copy writing, or in selling advertisements. Whatever the talent may be, they all fit together, like pieces of a puzzle, to form a complete picture: The 1984 Antler.

A Tradition Of Excellence Is Reborn

Early morning marching, lugging a heavy instrument home to practice, and a lot of self-discipline are just part of being in band. Under the direction of Nevin Fry, the Deer Creek Antler Band experienced a year of growth. The band entertained the crowd during halftime of the football games, played at pep rallies, and competed in several contests. These contests included district and Tri-state. Throughout the year band students participated in various fund raisers to raise money for a three day trip to the Six Flags Music Festival in Texas during late April.

Students Put Effort Into Activities

Debate, Spanish, Honor Society, and Physics all require specific skills. For example, a talent for public speaking is essential in Debate. Honor Society entails juggling class work and extra-curricular activities while maintaining a 3.6 grade point average. Spanish and Physics both take a multitude of acquired skills. Hours of hard work go into learning how to conjugate verbs and memorizing mathematical formulas. In the final analysis, all the effort and talent poured into these activities culminates into self-fulfillment.
